

Seresin Marlborough, New Zealand

The sentinel stone at the entrance to our Home Vineyard in Marlborough signals the path to both our winery and our philosophy. The stone bears a subtle handprint, a symbol of the individual and of creative endeavour; it represents our philosophy to work traditionally with natural elements and elicit a true Marlborough character in our wines and our extra virgin olive oils.

Organically and biodynamically grown, hand-tended and hand-picked, the grapes from our estate are transformed into artisan wines through gentle, traditional winemaking – wine of passion grace and spirit.

Using natural and gentle winemaking, with minimal intervention, we strive for high quality, hand-made wines of individuality and complexity.

Our fruit is handpicked, and then hand sorted before being whole-bunch pressed. We predominantly use natural fermentation, using wild yeasts, indigenous to the winery to give greater interest and individuality to our wines.
