

DOMAINE de la GUILLOTERIE

Saumur Champigny, Loire

Just six miles south of the Loire Valley city of Saumur is Saint-Cyr en Bourg, home for six generations of the Duveau family. Since 1835, members of the family have owned and managed Domaine de la Guilloterie. It is now Patrice and Philippe Duveau's turn. The vineyards and winery are nestled in the appellation of Saumur Champigny, prettily named after the village of Champigny.

Domaine de la Guilloterie vineyards spread over 50 hectares (123 acres) of limestone-clay soils. Subsoil called "tuffeau" make this area extremely propitious for the cultivation and maturation of Cabernet Franc. Vines here are 10-35 years of age.

Domaine de la Guilloterie produces an array of wines including Cremants, a number of Saumur blancs, a rosé, and a number of Saumur Champigny rouges. We were delighted by the purity of their Saumur Champigny Tradition, a lovely, fragrant, fresh and balanced wine aged only in stainless steel tanks. It is Cabernet Franc in its purest form.

The Duveau's farm under Sustainable Agriculture principles. The vineyards are covered with native grasses to promote soil health and reduce vine vigor. Green harvesting and removal of leaves is performed to insure quality and health of the grapes.

At harvest, grapes are carefully selected on a sorting table prior to de-stemming. Maceration and pumping over the must takes place in temperature controlled stainless steel tanks. Fermentation lasts for 14-18 days. The wine remains in tank for 10 months before bottling at the estate.

The Saumur Champigny from Domaine de la Guilloterie is made to be enjoyed immediately upon release and up to 3-5 years after.
