

TRIG POINT SONOMA

A "trig" has been used for many years to establish boundary lines. Trigonometrical stations were set on the top of hills and used as surveying sites. Just as my father was a land surveyor and used these trigs as a reference, so do I when it comes to well known vineyard sites.

—Nick Goldschmidt, Winemaker

Trig Point is produced by Nick Goldschmidt and his wife Yolyn. After flying the globe for many years as the head-winemaker for the likes of Simi, Allied Domecq, and Beam Estates, Nick decided to start a family company with his wife Yolyn in 1998. The goal of the company was to focus on site specific winemaking from great vineyard sites from around the world. Having produced so many world class wines from around the globe, Nick knew exactly which vineyard sites he would choose to make his wines from.

The wines Nick and Yolyn Goldschmidt produce are all single vineyard, handcrafted, small production, artisan wines.

The Trig Point Vineyard sits on a bench land site in the Alexander Valley facing southeast in beautiful bowl. This unique topography protects the vineyard from the wind. The early morning fog and deep gravelly loam soils are ideal for growing Cabernet Sauvignon. Nick has worked with this vineyard many years, as it was the predominate vineyard for the Simi Cabernet Reserve program from 1980 - 1997. Indeed, one of the great uncompromising vineyards of the Alexander Valley and certainly a "trig point" for growing classy Bordeaux varietals.

- *Nick Goldschmidt and his wife Yolyn start a "family" company in 1998*
- *Focus on site specific winemaking*
- *Wines are all single vineyard, handcrafted, small production, artisan wines*
- *Trig Point Vineyard sits on a bench land site in the Alexander Valley*

Wines

Sonoma Coast
