

# Losada Vinos de Finca GODELLO - 2021

REGION: SPAIN - CASTILLA Y LEON

## REVIEWS

### Godello – 2021

**93 Points - [jamessuckling.com](https://www.jamessuckling.com), September, 2022**

Bright and mineral nose with limey fruit, nectarines and wet stones. Very zesty and intense, yet pure on the palate, with a bright streak of linear, electric acidity that adds extra verve and velocity. Drink now.

## LOSADA VINOS DE FINCA

Aiming to make elegant wine in Bierzo, Losada Vinos de Finca sought out old Bierzo vineyards traditionally planted on clay soils. Losada was established on the outskirts of the village of Pieros, on the St James pilgrimage route, midway between Cacabelos and Villafranca del Bierzo. The company also owns vineyard plots, planted mainly on clay soils round Valtuille de Arriba, where grapes for Altos de Losada are produced. The philosophy is to extract to maximum expression from the region's terroir via the painstaking selection of estates and vineyards. Complexity and elegance are the grassroots of the Losada Vinos de Finca project.
