GRUNER VELTLINER RIED SCHEIBEN ERSTE LAGEN - 2018

REGION: AUSTRIA - WAGRAM

LETH

Established in the early 1960s, three generations of the Leth family have worked tirelessly to establish Weingut Leth as a renowned Fels am Wagram winery. The Leth family are members of the Traditionsweinguter Österreich (the association of traditional wineries in Austria). They strive to convey the highest and best characteristics of their region, their soils, their climate and their grape varieties through the wines they produce. Franz Leth, Franz Jr. and the entire Leth family are committed to the deepest expression of place.

The Wagram region of Austria is home to Europe's most extensive loess soil formations. The region formed when glacial winds blew fine particles of agglomerated clay, sand and lime – loess – onto the prehistoric bedrock of the ancient course of the Danube river. The layers are up to 65 feet/20 meters deep and enable vine roots to delve deeply and absorb water and nutrients from the mineral-rich subsoils.

Combined with the benevolent climate and wide temperature variation from day to night, perfect conditions combine to create unique terroir wines.

Throughout the winery's history continuing to the present, the family Leth farms and produces wines with passion, idealism and innovation.

REVIEWS

Gruner Veltliner Ried Scheiben Erste Lagen – 2018

95 Points - jamesuckling.com, December, 2019

I love the combination of bright cloves, lemon peel, apple strudel and pear tart, which make for a complex impression. The chalky texture and confident acidity gives a sense of minerality. The full-bodied palate is inviting, compressed and elegant. Drink now or hold.

Leth's 2018 Grüner Veltliner Ried Scheiben 1ÖTW is clear and intense on the ethereal and purely mineral and spicy, elegant and flinty nose. Round, refined and elegant on the palate, this is a full-bodied and well-balanced Veltliner with a long and very clear and even crisp and complex finish. Tasted at Schloss Grafenegg in September 2019. Drink 2020 – 2035
