# VALENCISO
## La Rioja, Spain

### HISTORY
Founded for the 1998 vintage by Luis Valentín and Carmen Enciso, (Val-Enciso), Rioja natives with extensive careers in the making of fine Rioja wines. Valenciso's objective is to produce a flagship wine, combining the best characteristics of both traditional and modern Rioja, and released exclusively as Reserva.

### VINEYARDS
Aromatic volume and fruit integrity is the Valenciso ideal. The organically farmed vineyards are established in chalky-clay soils at Rioja Alta's northwestern extreme.

### WINEMAKING
Fermentation, malolactic fermentation and clarification take place naturally in modern, cement vats.
